

Unmatched efficiency.
Unmatched precision.
Unmatched comfort.

Presenting the SL25XPV Heat Pump.

As part of both the Dave Lennox *Signature*® Collection and the Ultimate Comfort System™, the SL25XPV is a heat pump like no other. Utilizing Lennox TruHeat Performance, it delivers a greater amount of heat than traditional heat pumps for rich, warm comfort. It's also incredibly efficient which allows it to deliver substantial energy savings. In short, no other heat pump delivers comfort, efficiency and precision at this level.

Air is life. Make it perfect.™

The most precise and efficient heat pump available. Now featuring Lennox TruHeat Performance.

COMFORT

Truer, Richer Warmth

Lennox TruHeat Performance delivers a greater amount of heat compared to traditional heat pumps, resulting in a feeling similar to the rich, warm comfort of a gas furnace—even during the coldest outdoor temperatures.

EFFICIENCY

Industry-leading 24.00 SEER and 11.80 HSPF

58%
saved per year compared
to lower SEER systems**

Recognized as the Most Efficient
of ENERGY STAR® in 2021*

What is SEER and HSPF?

Seasonal Energy Efficiency Ratio and Heating Seasonal Performance Factor determine your heat pump's efficiency. The higher the rating, the more efficient the unit.

PRECISE CONTROL

In constant motion.

With its variable-speed motor, the SL25XPV keeps air in constant circulation, making the tiniest of adjustments so your air only feels how you want it to feel.

VARIABLE CAPACITY / SL25XPV

Unit runs at low most of the time, using only the amount of energy needed to meet comfort needs.

72° —————

SINGLE STAGE CAPACITY / OTHER HEAT PUMPS

Unit is either on or off, creating wide temperature swings.

72° ————

COMMUNICATING

Smarter together.

Unlock a world of connectivity by pairing this unit with the Lennox S30 Smart Thermostat. This is more than a mere temperature regulator. It acts as the command center, with the incredible ability to monitor sensors in the SL25XPV and other compatible equipment to react, diagnose and notify you if your system goes out of tune. For added assurance, it can even allow for remote troubleshooting of issues.

MADE TO LAST

Our Uncontested Quantum™ Coil

With years of rigorous testing under the most extreme conditions, our Quantum Coil—featuring a proprietary aluminum alloy exclusive to Lennox—is designed to weather the harshest elements.

* The SL25XPV meets Energy Star 6.0 Cold Climate Heat Pump standards.
